

ACCU PRO

Description

Oritek Laboratory Scales are precision-engineered to meet the exacting demands of scientific, pharmaceutical, and research environments. Designed for accuracy, reliability, and ease of use, these scales offer unparalleled precision for critical measurements in laboratories, educational institutions, and industrial research settings. With advanced features and robust construction, they deliver consistent results for the most sensitive weighing applications.

Specification

MODEL	CAPACITY	ACCURACY	PAN SIZE	FRAME MATERIAL
OTJS-200	200gm	0.001gm	90mm	ABS
OTJS-300	300gm	0.001gm	90mm	ABS
OTJS-600	600gm	0.001gm	90mm	ABS

Feature

1. LCD display
2. The backlight has a power saving mode
3. AC/DC dual-use
4. Overload alarm / level indicator
5. Weight / count / percentage / unit conversion
6. Low battery indication
7. Antistatic glass windproof cover

OPTIONAL:

Battery backup 40 hr.
External second display
